The Engineering Search Engine

DrawingSearcher is Docupoint's Search Engine, especially good at finding ANY information across an ENTIRE organization and within ALL technical documents, including AutoCAD, Microstation, PDF, and Microsoft Office files

Features

- Supports AutoCAD, Microstation, PDF's
- All Microsoft Office documents
- Auto-PDF of all supported CAD files
- Simplified Search Screen
- Enhanced Preview Images of Results
- Enhanced Indexing Performance
- View drawings on Smart Devices
- Simultaneous/Concurrent User Licensing
- Language-neutral

AutoCAD Support

All versions through AutoCAD 2027

Microstation Support

All versions through Microstation 2026

Simplified Search Screen

Intuitive easy navigation with only the controls you need for the results you want

Enhanced Preview Images

Search results already has stored the images of every file, which allows for faster selection of the exact file you need

Search inside ALL of your own company's documents!

Enhanced Indexing Performance

Multithread processing, 64 or 32 bit, with Indexing that runs in the background

Enhanced PDF of CAD drawings

The Auto-PDF feature creates a text-searchable PDF version of your CAD drawings which highlights the words you search

Restricted User Access

Web server authentication and support of https protocol

Concurrent User Licensing

Only buy the quantity of licenses you need. Each active user uses one license. Licenses returned after closing search portal.

Language-Neutral

DrawingSearcher works with all languages (Unicode)

Instant Search Results

Instantly searches terabytes of text across desktops, your network, and/or Internet/Intranet (VPN)

Smart Device Support

Detects smart devices and displays drawings in PDF without any other software (Zero client install). Default file viewing for AutoCAD drawings is PDF. Viewing DWF requires Autodesk Design Review to be installed on client machines.

Index all Document Types

AutoCAD, Microstation, MS Office, PDF, ODBC Databases, etc.

I.T. Department Friendly

- DrawingSearcher sits inside your firewall
- Files are not copied, opened, or moved
- Simple Server Installation: Zero client
- Configurable Source and Index locations
- Simple Floating License Management

Install DrawingSearcher on one machine, then Search, View and Print from any browser within your intranet

Find documents in ALL folders you choose to Index

When new files are Created/Edited/Saved, the index is instantly updated

Empower Your Employees!

Application Examples

- **Maintenance:** Find, View, Print drawings without using AutoCAD licenses
- **Operations:** Immediate 24/7 access to drawings, and manuals
- **Engineering:** Find and edit drawings
- **Manufacturing:** Access drawings, production procedures and part details
- **Document Management:** Works with Autodesk's Vault, etc.
- **Sales & Managers:** Access to drawings and documents while traveling
